

Dear Coach Mike Harris,

It's not often dreams come together without problems, but with you and your staff, MIRACLES do happen. Your ability to teach the pro skills and drills helped me to improve my talents. I know hard work, dedication and sacrifices are essential, but it's only through "PERFECT PRACTICE" that you achieve "PERFECT PLAY." Your inside knowledge and college contacts proved to be most valuable throughout the process of choosing the best college for me. I realize the money spent with the miracles organization is a small price compared to the college offers I received.....and those offers were greatly enhanced by you, your staff and the reputation you have earned.

Thanks again and may God continue to Bless you and the Miracles.

J.R. Towles

P.S. Keep this.....I plan on making my autograph worth something.

PHIL. 4:13 I can do all things through Christ who strengthens me.
